EDUCATION

Savitribai Phule Pune University

Bachelor of Engineering in Computer Engineering

CGPA: 7.56

Pune

Aug 2019 - Jun 2023

EXPERIENCE

Promising Design | Software Engineer

Pune, India | July 2024 - Present

- Built responsive, cross-browser websites with React.js and modern CSS, ensuring smooth performance across devices.
- Worked with **UI/UX** designers to create user-centered interfaces, increasing user satisfaction by 15%.
- Optimized frontend with code-splitting and lazy loading, reducing load times by 25%.

Unified Mentor | Web Development Intern

Remote | July 2024 - Oct 2024

- Completed 5+ projects in full-stack development, including a **React-Redux** customer portal that increased user engagement by 30%.
- Improved data accuracy with Firebase real-time sync and optimized data flow through **RESTful APIs** with **Node.js** and **Express.js**.

Eduskills Foundation | AWS Cloud Virtual Internship

Remote | March 2022 - May 2022

- Completed a virtual internship in AWS cloud, deploying scalable applications using **EC2**, **S3**, and **RDS**.
- Built serverless architectures with Lambda and **API Gateway**, gaining experience in cloud security and AWS IAM.

SKILLS

Programming Languages: JavaScript, HTML5, CSS3, Python, SQL
Libraries/Frameworks: React.js, Node.js, Redux, Tailwind CSS
Tools / Platforms: Git, VS Code, AWS, Firebase, Postman, GitHub
Databases: MySQL, MongoDB

PROJECTS / OPEN-SOURCE

Multi-Real-Estate | Link

JavaScript, HTML, CSS

- Engineered a dynamic real estate platform with React.js and React Router, enhancing navigation by 40% for better user engagement.
- Developed a responsive UI with reusable components using Tailwind CSS, increasing mobile engagement by 30%.
- Implemented a project detail page using dynamic routing, providing 25% faster access to property information.

Expense_Manager | Link

JavaScript, HTML, CSS

- Designed an Expense Tracker for users to log, categorize, and manage income and expenses with real-time calculations and visual summaries.
- Enabled data persistence with local storage, allowing users to retain transaction history across sessions.
- Built a responsive UI with filtering capabilities, allowing users to view transactions by category.

Weather_App | Link

JavaScript, CSS, HTML

- Developed a Weather Forecast App using the **OpenWeatherMap** API to provide real-time weather data and 5-day forecasts.
- Integrated City-Based Search, enabling users to quickly retrieve weather details for any location.
- Added a temperature conversion feature for Celsius and Fahrenheit, improving user experience and accessibility.

My-Portfolio | [Link](#)

JavaScript, CSS, HTML

- Created a responsive portfolio website showcasing personal information, projects, skills, and contact options, with adaptability across devices.
- Implemented a contact form with email integration, allowing visitors to reach out directly through the site.
- Enhanced visual appeal with smooth transitions and animations, creating a modern and interactive user experience.

API_Integration | [Link](#)

JavaScript, CSS, HTML

- Displayed user lists from API data with pagination, enabling efficient data navigation.
- Added sorting and filtering functionality, improving data accessibility and usability for users.
- Designed a user-friendly interface with a clear data display, ensuring easy interaction and engagement.

CERTIFICATIONS

- Frontend Developer (React) Certificate - **HackerRank**
- JavaScript (Intermediate) Certificate - **HackerRank**
- Python Certificate - **HackerRank**
- AWS Cloud Virtual Internship Certificate - **Eduskills** | **AWS Academy**
- Front-End Development - **Meta**
- Introduction to DSA Certificate - Data-Flair.
