PROFILE

To obtain a challenging position to the best utilization of my skills and looking for opportunities to grow my technical skills and ready to fulfill organizational goals. A meticulous Front- end Developer with experience in building interfaces in the HTML, CSS , JavaScript and React.

EDUCATION

Bachelor of Engineering (Computer Science), Amrutvahini College of Engineering
2019 — 2023

Graduated with 7.56 CGPA

PROJECTS

Housing Price Prediction Using Learning Algorithm(Final Year Project)

In this project, we proposed a model which is to predict housing costs using machine learning, which will be useful for potential buyers and sellers in order to calculate the deal s potential profitability. (https://github.com/pratik563/Housing_Price_Prediction)

Responsive Portfolio Website (HTML, CSS & React JS)

Developed Portfolio website that provides relevant information about my skills,education,experience & projects I have worked on and a well-designed portfolio website that adapts to different screen sizes and devices. (https://pratik-wable-portfolio.vercel.app/)

Weather Forecast App (HTML, CSS & React JS)

Developed Weather Forecast App that provides information about Temperature, Wind Speed & Humidity in surrounding. Using Real time data by OpenWeatherMap API.With features like search by City & State. (https://weather-app-sigma-opal.vercel.app/)

E-Commerce & Contact Us Landing Page (HTML, CSS & React JS).

E-commerce website landing page with Product info, Buying options and Dynamic design (https://shoe-landing-page-beta.vercel.app/)

Contact Us website design with Dynamic design and also that provide option to Contact with author via Mail (https://contact-us-app-kappa.vercel.app/)

Text-Utils App (HTML, CSS & React JS)

Text-Utils app provides options to user to Modify the Text like ToUppercase, ToLowercase, ToClear & ToCopy text from given text field. Very useful tool related to Text. (https://text-utils-app-theta.vercel.app/)

Others: 1. Amzon Clone 2.BMI Generator 3.Calculator 4.KeyCode Check

INTERNSHIPS

Cloud Virtual Internship, Eduskills Foundation

Mar 2022 — May 2022
